The MAE Heritage

“The Maryland Association of Engineers, an organization consisting of Engineers, Contractors, Equipment and Material Suppliers, State, Municipal and County Officials and Employees was founded in 1929 by Mr. P.Y.K. Howat. The Association at that time had a membership of 40, with the late Colonel Henry G. Perring, Consulting Engineer in the City of Baltimore as its first President. The Organization was incorporated under the laws of the State of Maryland on the 8th day of February 1934, and at the present time has a membership of approximately 525.

Dick Trainor Scholarship Fund

In 1991, the MAE started a tradition of granting scholarships each year to local high schools, that either select a student entering college for engineering, or provide a list of eligible students to MAE for selection. IN 1998, in memory of Richard H. Trainor, the Maryland Association of Engineers Dick Trainor Scholarship Fund became chartered and achieved 501 (c) (3) status. Since the fund was started, MAE has awarded scholarships totaling over \$350,000 to students pursuing a career in an engineering field.
